We welcome in the new year with a slew of fresh fetish girls for your viewing pleasure.

Cover model Alix Lynx wraps up into a rope hogtie very nicely. This vixen struggles under the lash of her mistress, enduring the flogger on both her ass and pussy. She suffers sweetly and takes the wire gag with aplomb. What a sport!

Amazing and beautiful Tess Artiste graces our pages with her dynamic physique. Not only does she defy how the human body bends, but Tess does it in bondage boots. Tess is an artist. She loves all things dance and she's truly a delight to behold. Be sure to follow her on instagram to watch her in motion. Ooh la la!

Lovely Scarlett Sage gets a firm over-the-knee spanking. While that is remarkable, it's her pee-pee session that's most noteworthy. Scarlett held her bladder the entire shoot until she was ready to burst! With no time to get to the bathroom, she lets her golden streams fly! Her delight is apparent as she piddles away into the class wine bucket. We love her spirit!

Lucy Latex gets a good pounding after some underwater breath-play technique she tries out. And there's nothing quite like a blow job while wearing a rubber hood. Happy new year! We are glad you are here!

When did you start fetish modeling and under what circumstances?
I first started fetish modeling around 2017 when I began performing burlesque. I had an excuse to invest in all types of outfits and props for stage and found myself drawn to more fetish looks. I started modeling mainly for my Instagram as promo for upcoming shows and classes I was doing and it's grown from there. The feedback has been great and I love growing my fetish wear collection.

How did you feel the first time you took your clothes off for the camera?
I got really turned on the first time I took my clothes off for the camera. I was shooting in a hotel hallway late at night and took my panties off under my dress to get a few naughty shots. I remember wondering if the photographer could tell I was wet while shooting. I was being naughty in a public place and having the camera on me while doing it. That turned me on!

How did you become aware of fetishism or your fetishistic side?
In college I was free to really explore my personal style. I wore a lot of leather accessories, thigh-high stockings, garters and O-ring chokers. I didn't realize initially the association of certain clothing and accessories with fetishism and bdsm I just knew what I was drawn too. The more I learned about bdsm through working at t clubs and performing, the more my sexual behaviors and what I was into started to make sense to me.

What fetishes do you like personally? What do you fetishize in your life?
I'm really into bondage. I love collars and handcuffs. I have some animal tails with matching ears that I'm really into too. High heels are also a big one for me.

Do you wear fetish clothes in public? What are your favorite items?
I wear a lot of stockings and fishnets. I also love wearing latex and leather. My first time trying on latex and my first time tightening a corset turned me on.

Have you ever scened in public?
I haven't, but I would. I strip so I've been naked on stage countless times and would consider myself an exhibitionist.

Are you dominant, submissive or a switch?
Mostly submissive. As a sex worker however, I switch when necessary as a lot of men enjoy being dominated.

Have your sexual boundaries changed over time? Are there things you wouldn't do before that you like now?
My boundaries have definitely changed over time. I am way more comfortable being dominant with men who are into that than I use to be. A few years ago it would've been hard for me to spit in a guys mouth or call him a bitch but now I kind of enjoy it.

Is there anything you would like to try sexually that you have not done yet?
I've always thought about doing porn. I haven't done it officially. I'm on Only Fans and post solo content but I may just go ahead and do it for real one day.

Do you like rough sex?
Absolutely. I love being manhandled, it's such a turn on for me. I like being choked, slapped, tied up, pinned down. I'm very submissive naturally and enjoy playing into that role.

What about pissing or golden showers? Has anyone pissed on you? Or you on them?
I've pissed on someone for money. I've never been pissed on. I'm not completely opposed to the idea though if I'm in a particularly kinky mood.

How do you feel about anal sex?
I don't do anal a lot but I have done it and enjoyed it. It takes some time to warm up before I can really enjoy it.

What are your hard limits?
As of right now fisting and dp are hard limits. I would need to work up to that!.

What is the most requested thing you are asked to do by your fans/followers? Any outrageous requests?
I've been asked a few times for some content involving men which I don't have out at the moment. My fans generally request personalized videos dancing, talking or masturbating.

Do you get requests for pantyhose? Stockings, shoes etc.
Absolutely. I have had many customers request stockings and heels. Definitely one of the most popular requests.

Do you like foot and leg fetishism, attention to your feet? .
I don't mind it. I really like my legs so I like when others appreciate them too. I have had customers who are really into feet and immediately request you take your heels off in a VIP room. I personally am obsessed with heels and always want to wear them.

What kind of porn do you prefer? What do you search for on the Internet?
I have a wide range of porn that I'm into depending on my mood. My go to searches are threesome, lesbian, gang bang and rough sex.

Are you in a fetish lifestyle partnership? Would you like to be?
I am not in a fetish lifestyle partnership. I don't feel I need to be as long as I can communicate with and be on the same page as my partner I'm happy.

Why did you want to shoot for TABOO Magazine?
I got my start in sex work as a stripper at Larry Flynt's Hustler Club in NYC so I have a soft spot for all things Hustler. It's still my favorite club to work at. The exhibitionist in me loves it too. Shooting for taboo is fulfilling a little kinky fantasy of mine.

What was your favorite part of shooting for TABOO?
I loved getting to show off part my bondage collection. I have some really beautiful pieces..

And Still I Rise

Anal Advisor

By Tristan Taormino

Dear Anal Advisor,
I'm a 29-year-old straight guy who recently ended a long relationship. Like most folks, I have my fetishes and my turn-ons. My favorite sexual activities are eating and/or fucking a girl's ass. It took some time to get my ex-girlfriend comfortable with ass play, but eventually, she got so into it that it became routine. I'm writing you because I want to know how I go about bringing up my love for the butt without turning off a potential partner. I know that lots of women like having their asses played with, but they seem reluctant to talk about it, and so am I. Still, it's pretty important to me to have a willing anal partner, and while I wouldn't approach a woman with licking her asshole as an ultimate goal, I would want to know that she wasn't completely opposed to the idea before getting too involved. How do I raise this topic early into getting to know someone? ***—Wanting to Ease In***

Dear Wanting:
I think it's a good thing for people to know what they want and value in relationships and to communicate those wants to potential partners. Don't feel bad about your desires or your choice to prioritize them. Sex is an important part of a relationship and, for some people, specific sexual activities need to be a shared passion between both people if it's going to work out. Everyone has a unique communication style, but I recommend you be as direct as you can be with potential partners, and the earlier the better. No one teaches us how to talk about sex or negotiate for what we want, so it's not surprising that you feel a little lost about how to bring up the topic in an appropriate way. Just as you might strike up a conversation with dates about your hobbies, goals, likes and dislikes, make sex a topic for conversation. Talk about what you like, what you've done in the past, and what turns you on. Sexuality is an important piece of the puzzle in any serious relationship and both people should be willing to examine it, even if doing so feels awkward at first. Also, be open to listening to how women talk about their sexuality, and realize you may not find someone who is as experienced as you are. That shouldn't be a deal-breaker as long as she's open to exploring some anal pleasure with you.

Dear Anal Advisor,
I'm a big fan of anal penetration, but I am also a little bit germ-phobic and get nervous about it being messy. I've followed the advice from your site and have just been using warm water in a Fleet enema bottle from the drug store. Is this sufficient? I saw an anal douche at an adult novelty store, and I'm considering buying it. I was intrigued because it appeared to be more capable of "deep cleaning" (for a lack of a better term). Is this so, and would this anal douche be a worthwhile investment? ***—Clean Freak***

Dear Freak:
Using a drugstore enema—and I'm happy to hear you've read my advice and dumped out the liquid laxative in favor of plain warm water—you can clean the anal canal and lower rectum. The same is basically true for anal douches (also called bulb-syringe enemas) available from sex-toy stores and Web sites. The big difference between the two is that the first is disposable and meant for single use, while the second is reusable. Many people opt for the latter because it's more environmentally friendly. They don't want a trail of their enema bottles scattered in landfills. Some reusable anal douches can also hold a little bit more water than the standard Fleet enema bottle, which contains a little less than eight ounces.
If you're looking for a truly deep cleansing of the rectum, I recommend an enema bag or a shower attachment. You can fill an enema bag with two quarts of water and take as much as you can at once. It's a more complicated setup (you need the bag, tubing, nozzle and clamp) and it takes longer to do than the quickie douche, but it's very effective. A shower-shot system is an attachment for your shower that uses a diverter valve and a stainless-steel nozzle that you can find at specialty retail Web sites. The attachment diverts the water from the shower head to a hose with the nozzle at the end. Some systems allow water to flow through both the shower head and the nozzle, so you can have an enema and get the rest of your body clean simultaneously. The upsides to this type of enema are the convenience and constant water supply—no bag to refill, no pieces to assemble because your enema setup is right there in the shower and all you have to do to get a steady stream is turn the tap. You also have much more control over the water flow by using the faucets in your tub. The downside is you can't take it with you anywhere you go.
You should only use a shower attachment if you have good control over your water temperature and pressure. If you live in an apartment building where either regularly fluctuates, or in a house with older plumbing or a small hot-water heater, this is not the enema setup for you. If, during a shower, you often find the water going from the perfect temperature to freezing or scalding in an instant, then yours is not the ideal shower for an enema attachment. Whichever you choose, do some research, follow instructions, and go slowly when you start out.

When did you start fetish modeling and under what circumstances?
I did my first fetish shoot in 2014 which was my first ever professional shoot! It was for a pantyhose fetish clip store in the legendary porn valley.

How did you feel the first time you took your clothes off for the camera?
Empowered, liberated and free.

How did you become aware of fetishism or your fetishistic side?
I became aware of fetishism when I became a webcam model and started to get tons of requests for custom content and cam shows surrounding different peoples' fetishes, and there were all different kinds! It was like a brand new world had opened up to me.

What fetishes do you like personally? What do you fetishize in your life?
I don't consider myself to have a fetish per say but I can certainly enjoy having my toes sucked on here and there, and as someone who leans submissive in the bedroom, I am always up to be blindfolded and bound!

Do you wear fetish clothes in public? What are your favorite items?
I do if the occasion calls for it! If I'm going to a club, industry event or music festival I'm thrilled to bust out the latex.

Have you ever scened in public?
(Does this mean shot a scene?) I have shot many scenes in public, but always in circumstances where nobody would know what I was doing if they were to look over because I'm sneaky like that. For example, I'll film in a car near a public area, or just out of eyesight of the neighbors when I know they're outside!

Are you dominant, submissive or a switch?
I tend to run submissive but I'm also a switch. I love exploring my dominant side with femdom scenes.

Have your sexual boundaries changed over time? Are there things you wouldn't do before that you like now?
I've always been really open minded and for the most part am pretty adventurous and happy to try anything once! Over the years I've discovered more clarity over what I like and don't like, which has come with experience!

Is there anything you would like to try sexually/kinky that you have not done yet?
I've pretty much done it all at this point!

Do you like rough sex?
Yes! Only with a trusted partner. I love giving someone else control and letting them have their way with me. There's something so hot and primal about being tossed around, hair pulling, ass slapping, throat fucking. I love it.

What about pissing or golden showers? Has anyone pissed on you? Or you on them?
To each their own. Not my cup of tea

How do you feel about anal sex?
I'm more of an anal tease kinda gal. I love to have my ass played with and licked, but much prefer toys and fucking in my pussy!

What are your hard limits?
I'll politely decline bodily fluids like piss, rough ass fucking and gang bangs.

What is the most requested thing you are asked to do by your fans/ followers? Any outrageous requests?
I get asked to do role play every single day, and I love it! It's so fun to get into character and play someone else's fantasies out.

Do you get requests for pantyhose? Stockings, shoes etc.
All the time, and I'm always happy to fulfill them!

Do you like foot and leg fetishism, attention to your feet? Please elaborate and be specific.
Oh yes! It's funny because I hate the way my feet look after years of figuring skating and wearing high heels, but I love to wear a hot pair of stilettos and strut around slowly in them, showing off my toned legs, dangling the heels from my toes and teasing them. I also love having my feet and toes licked and sucked, it just feels good!

What kind of porn do you prefer? What do you search for on the internet?
I don't watch a ton of porn because I'm on the other side of it, but I can still enjoy a super sexy 4K POV boy girl scene! Same with girl on girl.

Are you in a fetish lifestyle partnership? Would you like to be?
While I wouldn't consider myself in a fetish lifestyle partnership, anytime I'm with someone, I'm always more than willing to try anything once, whether that's something they're into or I'm into. I feel like you just can't know what you like unless you give it a whirl!

Why did you want to shoot for TABOO Magazine?
I may be a sweet girl, but I love to explore my kinky side, and for me, TABOO is the perfect place to do that!
